

A NEKOOSA BRAND

GXP-875

Technical Data

Product Description – A high tack paper application tape for vinyl graphics used in sign making and surface protection. The product is a heavyweight paper ideal for smaller graphics and die-cuts. Thanks to the specially formulated rubber-based adhesive, the tape sticks to and lays flat on large areas of exposed release liners.

Product Characteristics

Construction	
Paper film	Off-white translucent
Adhesive	Rubber-based
Total thickness	150 micron
Performance	
Tensile strength	332 N/100mm
Elongation (%)	12%
Tack level	High
Adhesion to steel*	20 N/100mm
*Adhesion PSTC-1, 1 minute on stainless steel at time of manufacture	

The physical properties listed above are typical values and are not to be considered as specifications. Our suggestions for use are based on tests we believe to be reliable. However, the purchaser must determine the suitability of the product for their internal use. Nekoosa assumes no liability for claims beyond those outlined within our Limited Warranty, which includes replacement value of Nekoosa product proven defective.
