Cover Styl

GENERAL SPECIFICATIONS

Category	Sub-category	
Glitter	Glitter	
Finishes	Textured	
Textured	Type of product PET	
Width	Length	
122cm	30 meters	
Adhesive	Acrylic PSA with air release system	
Warranty	10 years	
Stretchable	Not Stretchable	
Resistance to scratch	Average	
Pattern direction	-	
Thickness (average by cate)	gory) 400 μm	
Storage condition (maximun from delivery)	n 3 years 5° C to 30° C	
Installation method	Dry	
Installation area	Interior	
Installation temperature	12° C to 38° C	
Installation method (ABBA -	ABAB) ABAB	

CERTIFICATIONS

Compliant	CE Wallcovering (EN15102)	
Not tested	REACH	
Not tested	Aldehydes after emission (CMR ISO 16000)

Heat and thermal cycle resistance	Coming soon
Color fastness to light	Coming soon
Adhesion Test	24 hours after installation: 1.43 Kg/cm
Moisture resistance	Not tested

CARE AND MAINTENANCE

DURABILITY:

This product offers exceptional resistance to water, dirt, abrasion, UV rays and wear (yellowing, crackling, scaling, delamination).

MAINTENANCE:

Apply a mild soap to clean the surface of the film, such as a pH neutral detergent. Avoid using products with excessively acidic or basic pH levels. For stubborn stain removal, apply hot water (not boiling). If necessary, use a solution of isopropyl alcohol and water (70% ISO, 30% H2O). However, do not use this solution to printed Cover Styl surfaces. - When cleaning the film surface, only use soft cloths or sponges to avoid causing any damage. - Avoid using cleaning products that are organic-based, such as ammonia or polish, as they can be harmful to the vinyl. Cleaning detergents, bactericides, and virucidal products should be tested on a hidden section prior to use. - For Cork references, due to their ability to resist dust and dirt, minimal cleaning und care is required. Use a brush with gentle bristles to clean these surfaces. In the event of wet or damp stains use an absorbent cloth to wipe away the moisture and meticulously dry the affected area as soon as possible. By following these instructions, you can ensure the longevity and appearance of your vinyl. Persistent stains indicate inadequate care and maintenance. In such cases, consider using a patch repair method (not guaranteed but effective and economical) or replacing the entire vinyl.

Non-contractual visuals and data, Cover Styl reserves the right to change the composition of its films at any time. The rendition of the colours and finishes on the computer may vary according to the screen and not give a true representation of the true appearance. We therefore recommend you order a sample on line or contact us so that we can examine the finish that best adapts to your requirements. Due to the slight differences in colour in production runs, we advise you to purchase the amount you require in one go to avoid any difference in appearance in the execution of your Cover Styl project.
